

## ADV's Cleaning Services Offer Hospitality Using Toilet Paper

November 5, 2015

AEON Delight Vietnam (“ADV”) offers a special hospitality service to customers who visit the store early in the morning and use the toilet at AEON Mall Tan Phu Celadon and AEON Mall Binh Duong Canary.

The service is toilet paper folded like origami. Origami is a traditional Japanese art of folding a square sheet of paper into different shapes representing objects like animals, plants, and tools. There are currently four origami design patterns being folded by ADV, with a gorgeous rose pattern appearing from time to time, and new patterns to fold are always being studied. The cleaning staff carefully fold them every morning to welcome customers to the store.
